Framingham, MA -- The TJX Companies, Inc. (NYSE: TJX), the leading off-price apparel and home fashions retailer in the U.S. and worldwide, today announced sales and operating results for the first quarter ended April 30, 2022. Net sales for the first quarter of Fiscal 2023 were \$11.4 billion, an increase of 13% versus the first quarter of Fiscal 2022. U.S. comp store sales (defined below) growth rounded down to flat over a 17% increase in U.S. open-only comp store sales (defined below) in the first quarter of Fiscal 2022. Net income for the first quarter of Fiscal 2023 was \$587 million, and GAAP diluted earnings per share were \$.49 versus \$.44 per share in the first quarter of Fiscal 2022. Excluding a charge of \$.19 related to a write-down of the Company's minority investment in Familia (see below), adjusted diluted earnings per share were \$.68.

CEO and President Comments

Ernie Herrman, Chief Executive Officer and President of The TJX Companies, Inc., stated, "I am very pleased with our first quarter performance. I want to recognize the continued commitment and dedication of our talented Associates who bring outstanding values on branded, quality merchandise to our customers every day. I am particularly pleased that our first quarter pretax profit margin and earnings per share, each on an adjusted basis, exceeded our plans even though our sales were slightly below our planned range. This underscores the power of our flexible, off-price business model when we execute well. For the full year, we see opportunity to further improve our profitability. I also want to highlight our largest division, Marmaxx, delivered a comp store sales increase of 3% over 12% open-only comp growth last year, which was driven by an increase in customer traffic. We believe our value proposition is as appealing as ever for consumers in today's retail environment, and we are excited about our initiatives to drive customer traffic and sales. We remain focused on our long-term vision to become an increasingly profitable, \$60-billion-plus company."

U.S. Comparable Store Sales and Open-Only Comparable Store Sales

The Company's U.S. comparable store sales by division in the first quarter of Fiscal 2023 and open-only comparable store sales by division in the first quarter of Fiscal 2022 were as follows:

	First Quarter FY2023 U.S. Comparable Store Sales¹	First Quarter FY2022 Open-Only Comparable Store Sales²
Marmaxx ³	+3%	+12%
HomeGoods ⁴	-7%	+40%

Total U.S.⁵	0%	+17%

Margins

For the first quarter of Fiscal 2023, the Company's consolidated pretax profit margin was 7.5%. Excluding a 1.9 percentage point negative impact from a charge related to a write-down of the Company's minority investment in Familia (see below), adjusted consolidated pretax margin was 9.4%, compared to 7.2% in the first quarter of Fiscal 2022. This increase was driven by a benefit from a reduction in COVID-related expenses and the annualization of temporary store closures internationally last year, the Company's pricing initiative, and strong markon. These benefits were partially offset by approximately 2.2 percentage points of incremental freight pressure and approximately 0.7 percentage points of incremental wage pressure.

Gross profit margin for the first quarter of Fiscal 2023 was 27.9%, a 0.2 percentage point decrease versus the first quarter of Fiscal 2022. Selling, general and administrative (SG&A) costs as a percent of sales for the first quarter of Fiscal 2023 were 18.4%, a 2.1 percentage point decrease versus the first quarter of Fiscal 2022.

Inventory

Total inventories as of April 30, 2022 were \$7.0 billion, compared with \$5.1 billion at the end of the first quarter of Fiscal 2022. Consolidated inventories on a per-store basis as of April 30, 2022, including the distribution centers, but excluding inventory in transit, the Company's e-commerce sites, and Sierra stores, were up 35% on a reported basis (up 37% on a constant currency basis). Overall availability of quality, branded merchandise in the marketplace remains excellent. The Company is comfortable with its inventory levels, particularly in consideration of more normalized, pre-pandemic levels. The Company is confident it is well positioned to flow exciting merchandise to its stores and e-commerce sites throughout the summer season.

Cash and Shareholder Distributions

For the first quarter of Fiscal 2023, the Company used \$634 million of operating cash flow due to timing of inventory purchases and related accounts payable. The Company ended the quarter with \$4.3 billion of cash.

During the first quarter, the Company returned a total of \$907 million to shareholders. The Company repurchased a total of \$600 million of TJX stock, retiring 9.5 million shares, and paid \$307 million in shareholder dividends during the quarter. The Company continues to expect to repurchase approximately \$2.25 to \$2.50 billion of TJX stock in Fiscal 2023. The Company may adjust this amount up or down depending on various factors. In addition, the Company increased its dividend by 13% in the first quarter of Fiscal 2023. The Company remains committed to returning cash to its shareholders while continuing to invest in the business to support the near- and long-term growth of TJX.

Commitment to Divest from Familia

On March 3, 2022, the Company announced that it has committed to divesting its minority investment in Familia, an off-price retailer that operates in Russia, which it continued to hold at the end of the first quarter of Fiscal 2023. The Company has recorded an impairment charge of \$217.6 million, representing the entirety of the Company's investment. This impairment charge negatively impacted first quarter Fiscal 2023 earnings per share by \$.19.

Second Quarter, Full Year, and Second Half Fiscal 2023 Outlook

For the start of the second quarter, the Company is pleased with its sales trends. For the second quarter of Fiscal 2023, the Company is planning U.S. comparable store sales to be down 1% to down 3% versus a 21% U.S. open-only comp store sales increase in the second quarter of Fiscal 2022. This comp sales guidance implies stronger 3-year stacked comp sales growth in the second quarter of Fiscal 2023 than in the first quarter of Fiscal 2023. (3-year stacked comp sales is the sum of the comparison of Fiscal 2023 U.S. comp store sales to Fiscal 2022 open-only comp store sales plus the comparison of Fiscal 2022 open-only comp store sales to Fiscal 2020 comp store sales.) For the second quarter of Fiscal 2023, the Company expects diluted earnings per share to be in the range of \$.65 to \$.69.

For the full year Fiscal 2023, the Company now expects U.S. comparable store sales to be up 1% to 2% over a 17% U.S. open-only comp store sales increase in Fiscal 2022, which reflects the Company's actual first quarter U.S. comp sales and second quarter U.S. comp sales plan. For the full year Fiscal 2023, the Company expects pretax margin in the range of 9.2% to 9.4% and is increasing its outlook for adjusted pretax margin to a range of 9.6% to 9.8%. The Company expects diluted earnings per share in the range of \$2.94 to \$3.01 and adjusted diluted earnings per share in the range of \$3.13 to \$3.20. Adjusted pretax margin and adjusted earnings per share plans exclude the negative impact from the charge related to a write-down of the Company's minority investment in Familia.

The Company's full year Fiscal 2023 outlook implies a 4% to 5% U.S. comparable store sales increase in the second half of Fiscal 2023, over a 14% U.S. open-only comp store sales increase in the second half of Fiscal 2022. The Company's full year Fiscal 2023 outlook also implies second half Fiscal 2023 pretax margin in the double-digit range.

Fiscal 2023 U.S. Comparable Store Sales

For Fiscal 2023, the Company returned to its historical definition of comparable store sales. While stores in the U.S. were open for all of Fiscal 2022, a significant number of stores in TJX Canada and TJX International (Europe and Australia) experienced COVID-related temporary store closures and government-mandated shopping restrictions during Fiscal 2022. Therefore, the Company cannot measure year-over-year comparable store sales with Fiscal 2022 in these geographies in a meaningful way. As a result, the comparable stores included in the Fiscal 2023 measure consist of U.S. stores only, which, for clarity, the Company refers to as U.S. comparable store sales and are calculated against sales for the comparable periods in Fiscal 2022.

Fiscal 2022 Open-Only Comp Store Sales

Due to the temporary closing of stores as a result of the COVID-19 global pandemic, the Company's historical definition of comp store sales was not applicable in Fiscal 2022. In order to provide a performance indicator for its stores, the Company temporarily reported open-only comp store sales. The Company's open-only comp store sales calculation includes stores initially classified as comp stores at the beginning of Fiscal 2021. This measure reports the sales increase or decrease of these stores for the days the stores were open in Fiscal 2022 against sales for the same days in Fiscal 2020, prior to the emergence of the global pandemic.

Global Corporate Responsibility

In the first quarter of Fiscal 2023, the Company announced four new environmental sustainability goals that expanded and accelerated the Company's previous environmental commitments. These new goals further demonstrate the Company's continued commitment to pursuing initiatives that are environmentally responsible and smart for business.

As part of the Company's global environmental sustainability efforts, the Company is aiming to:

- Achieve net zero greenhouse gas (GHG) emissions in its operations by 2040
- Source 100% renewable energy in its operations by 2030
- Divert 85% of its operational waste from landfill by 2027
- Shift 100% of the packaging for products developed in-house by its product design team to be reusable, recyclable, or contain sustainable materials by 2030

More information about the Company's environmental sustainability efforts, including progress toward its previously set global science-based GHG emissions reduction target, is available at www.tjx.com/responsibility/environment/.

The TJX Companies, Inc. and Consolidated Subsidiaries
Notes to Consolidated Condensed Statements

1. During the first quarter ended April 30, 2022, the Company returned a total of \$0.9 billion to shareholders. The Company repurchased and retired 9.5 million shares of its common stock at a cost of \$0.6 billion on a "trade date" basis and paid \$0.3 billion in shareholder dividends. In February 2022, the Company announced that the Board of Directors had approved a new stock repurchase program that authorizes the repurchase of up to an additional \$3.0 billion of TJX common stock from time to time. TJX records the repurchase of its stock on a cash basis, and the amounts reflected in the financial statements may vary from the above amounts due to the timing of settlement of repurchases.
2. During the quarter ended April 30, 2022, the Company announced that it has committed to divesting its minority investment in Familia, an off-price retailer that operates in Russia, and as a result, the Company completed an impairment analysis of this investment. Based on this analysis, the Company concluded that there was an other-than-temporary impairment of this investment and recorded an impairment charge of \$218 million, representing the entirety of the Company's investment. This charge had a \$0.19 negative impact on diluted earnings per share for the first quarter of fiscal 2023.
