THE TJX COMPANIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note A. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Presentation

The Consolidated Financial Statements and Notes thereto have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information. These Consolidated Financial Statements and Notes thereto are unaudited and, in the opinion of management, reflect all normal recurring adjustments, accruals and deferrals among periods required to match costs properly with the related revenue or activity, considered necessary by The TJX Companies, Inc. (together with its subsidiaries, “TJX”) for a fair statement of its Consolidated Financial Statements for the periods reported, all in conformity with GAAP consistently applied. The Consolidated Financial Statements and Notes thereto should be read in conjunction with the audited Consolidated Financial Statements, including the related notes, contained in TJX’s Annual Report on Form 10-K for the fiscal year ended February 2, 2019 (“fiscal 2019”).

These interim results are not necessarily indicative of results for the full fiscal year. TJX’s business, in common with the businesses of retailers generally, is subject to seasonal influences, with higher levels of sales and income generally realized in the second half of the year.

The February 2, 2019 balance sheet data was derived from audited Consolidated Financial Statements and does not include all disclosures required by GAAP.

Fiscal Year

TJX’s fiscal year ends on the Saturday nearest to the last day of January of each year. The current fiscal year ends February 1, 2020 (“fiscal 2020”) and is a 52-week fiscal year. Fiscal 2019 was also a 52-week fiscal year.

Use of Estimates

The preparation of financial statements, in conformity with GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements as well as the reported amounts of revenues and expenses during the reporting period. TJX considers its accounting policies relating to inventory valuation, impairment of long-lived assets, goodwill and tradenames, reserves for uncertain tax positions, leases and loss contingencies to be the most significant accounting policies that involve management estimates and judgments. Actual amounts could differ from those estimates, and such differences could be material.

Reclassifications

As a result of a two-for-one stock split in the form of a stock dividend to shareholders of record as of October 30, 2018, certain amounts in prior years’ Consolidated Financial Statements have been retroactively adjusted to conform to the current year presentation. As such, all share activity, earnings per share and dividends per share amounts have been adjusted to reflect the two-for-one stock split. See Note D—Capital Stock and Earnings per Share of Notes to Consolidated Financial Statements for additional information.

Summary of Accounting Policies

Leases

We adopted ASU No. 2016-02, Leases (Topic 842), as of February 3, 2019, using the modified retrospective method under ASU 2018-11. The transition method allows entities to apply the transition requirements at the effective date rather than at the beginning of the earliest comparative period presented. Our reporting for comparative periods is presented in accordance with ASC 840, Leases. Adoption of the new standard resulted in the recording of right of use ("ROU") assets and lease liabilities of approximately \$9 billion, as of February 3, 2019. The Company elected the transition package of three practical expedients, which among other things, allowed us to carry forward the historical lease classification. We have elected, under Topic 842, the practical expedient to not separate non lease components from the lease components to which they relate and instead to combine them and account for them as a single lease component. The Company also elected the accounting policy election to keep leases with a term of twelve months or less off the Consolidated Balance Sheets and recognizes these lease payments on a straight-line basis over the lease term.

Operating leases are included in "Operating lease right of use assets", "Current portion of operating lease liabilities", and "Long-term operating lease liabilities" on our Consolidated Balance Sheets. ROU assets represent our right to use an underlying asset for the lease term and lease liabilities represent our obligation to make lease payments arising from the lease. At the inception of the arrangement, the Company determines if an arrangement is a lease based on assessment of the terms and conditions of the contract. Operating lease ROU assets and lease liabilities are recognized at possession date based on the present value of lease payments over the lease term. The majority of our leases are retail store locations and the possession date is typically 30 to 60 days prior to the opening of the store and generally occurs before the commencement of the lease term, as specified in the lease. Our lessors do not provide an implicit rate, nor is one readily available, therefore we use our incremental borrowing rate based on the information available at possession date in determining the present value of future lease payments. The incremental borrowing rate is calculated based on the US Consumer Discretionary yield curve and adjusted for collateralization and foreign currency impact for TJX International and Canada leases. The operating lease ROU asset also includes any acquisition costs offset by lease incentives. Our lease terms include options to extend the lease when it is reasonably certain that we will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term within "Cost of sales, including buying and occupancy costs".

Impact of New Lease Standard on Consolidated Balance Sheet Line Items

As a result of applying the new lease standard using the optional transition method, the following adjustments were made to accounts on the Condensed Consolidated Balance Sheet as of February 3, 2019:

(g) Represents impairment at transition on operating lease right of use assets.

See Note L—Leases of Notes to Consolidated Financial Statements for additional information.

Future Adoption of New Accounting Standards

Intangibles-Goodwill and Other-Internal-Use Software

In August 2018, the Financial Accounting Standards Board "FASB" issued guidance related to accounting for implementation costs incurred in a cloud computing arrangement that is a service contract. The standard allows entities who are customers in hosting arrangements that are service contracts to apply the existing internal-use software guidance to determine which implementation costs to capitalize as an asset related to the service contract and which costs to expense. The guidance specifies classification for capitalizing implementation costs and related amortization expense within the Consolidated Financial Statements and requires additional disclosures. The guidance will be effective for annual reporting periods, including interim reporting within those periods, beginning after December 15, 2019. Early adoption is permitted and can be applied either retrospectively or prospectively. The Company is currently evaluating the transition methods and the impact of the adoption of this standard on its Consolidated Financial Statements.

Recently Adopted Accounting Standards

Leases

See Leases in this Note A for the impact upon adoption.

Income Statement – Reporting Comprehensive Income

In February 2018, the FASB issued updated guidance related to reporting comprehensive income. The amendments in the update allow for a one-time reclassification from accumulated other comprehensive income (“AOCI”) to retained earnings for stranded tax effect as a result from the enactment of the Tax Cuts and Jobs Act of 2017 (“2017 Tax Act”). The updated guidance is effective for all entities for fiscal years beginning after December 15, 2018, and interim periods within those fiscal years. Early adoption is permitted, including adoption in any interim period for reporting periods for which financial statements have not yet been issued. The updated guidance should be applied either in the period of adoption or retrospectively to each period (or periods) in which the effect of the change in the 2017 Tax Act is recognized. The Company adopted the standard and made the policy election not to reclassify the stranded tax effects from AOCI to retained earnings.

Note D. Capital Stock and Earnings Per Share

Capital Stock

In fiscal 2019, we completed a two-for-one stock split of the Company's common stock in the form of a stock dividend. One additional share was paid for each share held by holders of record as of the close of business on October 30, 2018. The shares were distributed on November 6, 2018 and resulted in the issuance of 617 million shares of common stock. In connection with our stock split, the shareholders approved an increase in the number of authorized shares of common stock of 0.6 billion to 1.8 billion shares. As a result, the Consolidated Balance Sheets and the Consolidated Statements of Shareholders' Equity have been adjusted to retroactively present the two-for-one stock split. In addition, all historical per share amounts and references to common stock activity, as well as basic and diluted share amounts utilized in the calculation of earnings per share in these notes to the Consolidated Financial Statements, have been adjusted to reflect this stock split.

TJX repurchased and retired 6.7 million shares of its common stock at a cost of \$350.0 million during the quarter ended May 4, 2019, on a "trade date" basis. TJX reflects stock repurchases in its Consolidated Financial Statements on a "settlement date" or cash basis. TJX had cash expenditures under repurchase programs of \$397.3 million for the three months ended May 4, 2019, and \$395.4 million for the three months ended May 5, 2018. These expenditures were funded by cash generated from current and prior period operations.

In February 2019, TJX announced that its Board of Directors had approved an additional stock repurchase program that authorized the repurchase of up to \$1.5 billion of TJX common stock from time to time.

In February 2018, our Board of Directors approved the repurchase of an additional \$3.0 billion of TJX common stock from time to time. Under this program, on a "trade date" basis through May 4, 2019, TJX repurchased 33.1 million shares of common stock at a cost of \$1.7 billion.

As of May 4, 2019, TJX had approximately \$2.8 billion available under these previously announced stock repurchase programs.

All shares repurchased under the stock repurchase programs have been retired.

Earnings Per Share

The following table presents the calculation of basic and diluted earnings per share (“EPS”) for net income:

In thousands, except per share amounts	Thirteen Weeks Ended	
	May 4, 2019	May 5, 2018
<i>Basic earnings per share</i>		
Net income	\$ 700,178	\$ 716,381
Weighted average common shares outstanding for basic EPS	1,214,531	1,253,224
Basic earnings per share	\$ 0.58	\$ 0.57
<i>Diluted earnings per share</i>		
Net income	\$ 700,178	\$ 716,381
Shares for basic and diluted earnings per share calculations:		
Weighted average common shares outstanding for basic EPS	1,214,531	1,253,224
Assumed exercise/vesting of:		
Stock options and awards	18,876	15,648
Weighted average common shares outstanding for diluted EPS	1,233,407	1,268,872
Diluted earnings per share	\$ 0.57	\$ 0.56
Cash dividends declared per share	\$ 0.230	\$ 0.195

The weighted average common shares for the diluted earnings per share calculation exclude the impact of outstanding stock options if the assumed proceeds per share of the option is in excess of the average price of TJX’s common stock for the related fiscal periods. Such options are excluded because they would have an antidilutive effect. There were 6.0 million such options excluded for the thirteen weeks ended May 4, 2019. There were 17.1 million such options excluded for the thirteen weeks ended May 5, 2018.

Note E. Financial Instruments

As a result of its operating and financing activities, TJX is exposed to market risks from changes in interest and foreign currency exchange rates and fuel costs. These market risks may adversely affect TJX’s operating results and financial position. TJX seeks to minimize risk from changes in interest and foreign currency exchange rates and fuel costs through the use of derivative financial instruments when and to the extent deemed appropriate. TJX does not use derivative financial instruments for trading or other speculative purposes and does not use any leveraged derivative financial instruments. TJX recognizes all derivative instruments as either assets or liabilities in the Consolidated Balance Sheets and measures those instruments at fair value. The fair values of the derivatives are classified as assets or liabilities, current or non-current, based upon valuation results and settlement dates of the individual contracts. Changes to the fair value of derivative contracts that do not qualify for hedge accounting are reported in earnings in the period of the change. For derivatives that qualify for hedge accounting, changes in the fair value of the derivatives are either recorded in shareholders’ equity as a component of other comprehensive income or are recognized currently in earnings, along with an offsetting adjustment against the basis of the item being hedged.

Diesel Fuel Contracts

TJX hedges portions of its estimated notional diesel requirements based on the diesel fuel expected to be consumed by independent freight carriers transporting TJX's inventory. Independent freight carriers transporting TJX's inventory charge TJX a mileage surcharge based on the price of diesel fuel. The hedge agreements are designed to mitigate the volatility of diesel fuel pricing (and the resulting per mile surcharges payable by TJX) by setting a fixed price per gallon for the period being hedged. During fiscal 2019, TJX entered into agreements to hedge a portion of its estimated notional diesel requirements for fiscal 2020, and during the first three months of fiscal 2020, TJX entered into agreements to hedge a portion of its estimated notional diesel requirements for the first three months of fiscal 2021. The hedge agreements outstanding at May 4, 2019 relate to approximately 51% of TJX's estimated notional diesel requirements for the remainder of fiscal 2020 and approximately 45% of TJX's estimated notional diesel requirements for the first three months of fiscal 2021. These diesel fuel hedge agreements will settle throughout the remainder of fiscal 2020 and throughout the first four months of fiscal 2021. TJX elected not to apply hedge accounting to these contracts.

Foreign Currency Contracts

TJX enters into forward foreign currency exchange contracts to obtain economic hedges on portions of merchandise purchases made and anticipated to be made by the Company's operations in TJX International (United Kingdom, Ireland, Germany, Poland, Austria, The Netherlands and Australia), TJX Canada (Canada), Marmaxx (U.S.) and HomeGoods (U.S.) in currencies other than their respective functional currencies. These contracts typically have a term of twelve months or less. The contracts outstanding at May 4, 2019 cover a portion of such actual and anticipated merchandise purchases throughout the remainder of fiscal 2020. Additionally, TJX's operations in Europe are subject to foreign currency exposure as a result of their buying function being centralized in the United Kingdom. All merchandise is purchased centrally in the U.K. and then shipped and billed to the retail entities in other countries. This intercompany billing to TJX's European businesses' Euro denominated operations creates exposure to the central buying entity for changes in the exchange rate between the Euro and British Pound. The inflow of Euros to the central buying entity provides a natural hedge for merchandise purchased from third-party vendors that is denominated in Euros. However, with the growth of TJX's Euro denominated retail operations, the intercompany billings committed to the Euro denominated operations is generating Euros in excess of those needed to meet merchandise commitments to outside vendors. TJX calculates this excess Euro exposure each month and enters into forward contracts of approximately 30 days duration to mitigate the exposure. During the fiscal quarter ended May 4, 2019, TJX entered into derivative contracts to hedge Polish leases that are denominated in Euros and paid in Zlotys in order to mitigate the foreign currency exposure as a result of implementing ASU No. 2016-02, Leases. TJX elected not to apply hedge accounting to these contracts.

TJX also enters into derivative contracts, generally designated as fair value hedges, to hedge intercompany debt, certain intercompany dividends and intercompany interest payable. The changes in fair value of these contracts are recorded in selling, general and administrative expenses and are offset by marking the underlying item to fair value in the same period. Upon settlement, the realized gains and losses on these contracts are offset by the realized gains and losses of the underlying item in selling, general and administrative expenses.

TJX periodically reviews its net investments in foreign subsidiaries. During the fiscal quarter ended May 5, 2018, TJX entered into net investment hedge contracts related to a portion of its investment in TJX Canada.

Note F. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date or "exit price." The inputs used to measure fair value are generally classified into the following hierarchy:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities
- Level 2: Unadjusted quoted prices in active markets for similar assets or liabilities, or unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability
- Level 3: Unobservable inputs for the asset or liability

The following table sets forth TJX's financial assets and liabilities that are accounted for at fair value on a recurring basis:

In thousands	May 4, 2019	February 2, 2019	May 5, 2018
Level 1			
Assets:			
Executive Savings Plan investments	\$ 278,540	\$ 253,215	\$ 248,640
Level 2			
Assets:			
Short-term investments	\$ —	\$ —	\$ 435,903
Foreign currency exchange contracts	11,811	8,136	33,318
Diesel fuel contracts	—	—	10,249
Liabilities:			
Foreign currency exchange contracts	\$ 4,974	\$ 7,415	\$ 7,675
Diesel fuel contracts	299	3,786	—

Investments designed to meet obligations under the Executive Savings Plan are invested in registered investment companies traded in active markets and are recorded at unadjusted quoted prices.

Short-term investments, foreign currency exchange contracts and diesel fuel contracts are valued using broker quotations, which include observable market information. TJX's investments are primarily high-grade commercial paper, institutional money market funds and time deposits with major banks. TJX does not make adjustments to quotes or prices obtained from brokers or pricing services but does assess the credit risk of counterparties and will adjust final valuations when appropriate. Where independent pricing services provide fair values, TJX obtains an understanding of the methods used in pricing. As such, these instruments are classified within Level 2.

The fair value of TJX's general corporate debt was estimated by obtaining market quotes given the trading levels of other bonds of the same general issuer type and market perceived credit quality. These inputs are considered to be Level 2. The fair value of long-term debt as of May 4, 2019 and February 2, 2019 approximated the carrying value of \$2.2 billion. The fair value of long-term debt as of May 5, 2018 was \$2.1 billion compared to a carrying value of \$2.2 billion. These estimates do not necessarily reflect provisions or restrictions in the various debt agreements that might affect TJX's ability to settle these obligations.

TJX's cash equivalents are stated at cost, which approximates fair value due to the short maturities of these instruments.

Note G. Segment Information

TJX operates four main business segments. The Marmaxx segment (T.J. Maxx, Marshalls and tjmaxx.com) and the HomeGoods segment (HomeGoods and Homesense) both operate in the United States, the TJX Canada segment operates Winners, HomeSense and Marshalls in Canada, and the TJX International segment operates T.K. Maxx, Homesense and tkmaxx.com in Europe and T.K. Maxx in Australia. In addition to our four main business segments, Sierra operates sierra.com and retail stores in the U.S. The results of Sierra are included in the Marmaxx segment.

All of TJX's stores, with the exception of HomeGoods and Homesense, sell family apparel and home fashions. HomeGoods and Homesense offer home fashions.

TJX evaluates the performance of its segments based on "segment profit or loss," which it defines as pre-tax income or loss before general corporate expense, pension settlement charge and interest expense, net. "Segment profit or loss," as defined by TJX, may not be comparable to similarly titled measures used by other entities. The terms "segment margin" or "segment profit margin" are used to describe segment profit or loss as a percentage of net sales. These measures of performance should not be considered alternatives to net income or cash flows from operating activities as an indicator of TJX's performance or as a measure of liquidity.

Presented below is financial information with respect to TJX's business segments:

In thousands	Thirteen Weeks Ended

General corporate expense	120,998	104,120
Interest expense, net	817	4,148
Income before provision for income taxes	\$ 936,482	\$ 955,558

Segment assets as of May 4, 2019 increased from February 2, 2019 due to inclusion of operating lease right of use assets in segment assets. As of May 4, 2019, the breakdown of the Company's operating right of use assets by segment is \$4.3 billion in Marmaxx, \$1.4 billion in HomeGoods, \$1.0 billion in TJX Canada and \$2.1 billion in TJX International.

Note H. Pension Plans and Other Retirement Benefits

Presented below is financial information relating to TJX's funded defined benefit pension plan ("qualified pension plan" or "funded plan") and its unfunded supplemental pension plan ("unfunded plan") for the periods shown:

In thousands	Funded Plan		Unfunded Plan	
	Thirteen Weeks Ended		Thirteen Weeks Ended	
	May 4, 2019	May 5, 2018	May 4, 2019	May 5, 2018

Interest cost	12,990	13,965	967	853
Expected return on plan assets	(18,488)	(20,962)	—	—
Recognized actuarial losses	4,509	3,114	936	821
Total expense	\$ 10,060	\$ 7,730	\$ 2,455	\$ 2,285

TJX's policy with respect to the funded plan is to fund, at a minimum, the amount required to maintain a funded status of 80% of the applicable pension liability (the Funding Target pursuant to the Internal Revenue Code section 430) or such other amount as is sufficient to avoid restrictions with respect to the funding of nonqualified plans under the Internal Revenue Code. We do not anticipate any required funding in fiscal 2020 for the funded plan. We anticipate making contributions of \$4.8 million to provide current benefits coming due under the unfunded plan in fiscal 2020.

The amounts included in recognized actuarial losses in the table above have been reclassified in their entirety from AOCI to the Consolidated Statements of Income, net of related tax effects, for the periods presented.

Note I. Long-Term Debt and Credit Lines

The table below presents long-term debt, exclusive of current installments, as of May 4, 2019, February 2, 2019 and May 5, 2018. All amounts are net of unamortized debt discounts.

Long-term debt	\$ 2,234,368	\$ 2,233,616	\$ 2,231,360

TJX has two \$500 million revolving credit facilities, one which matures in March 2022 and one which matures in May 2024. Subsequent to May 4, 2019, the Company amended the two agreements to reflect the impact of implementing the new lease accounting standard under ASC 842. For additional information about the implementation of ASC 842, see Leases within Note A—Basis of Presentation and Summary of Significant Accounting Policies of Notes to Consolidated Financial Statements. In addition, the maturity date for one of the revolving credit facilities was extended from March 2020 to May 2024.

As of May 4, 2019, the terms and covenants under the revolving credit facilities require quarterly payments of 6.0 basis points per annum on the committed amounts for both agreements. This rate is based on the credit ratings of TJX's long-term debt and will vary with specified changes in the credit ratings. These agreements have no compensating balance requirements and have various covenants. Each of these facilities require TJX to maintain a ratio of funded debt to consolidated earnings before interest, taxes, depreciation and amortization and consolidated rentals (EBITDAR) of not more than 3.25 to 1.00 on a rolling four-quarter basis. TJX was in compliance with all covenants related to its credit facilities at the end of all periods presented. As of May 4, 2019, February 2, 2019 and May 5, 2018, and during the quarters and year then ended, there were no amounts outstanding under these facilities.

As of May 4, 2019, February 2, 2019 and May 5, 2018, TJX Canada had two uncommitted credit lines, a C\$10 million facility for operating expenses and a C\$10 million letter of credit facility. As of May 4, 2019, February 2, 2019 and May 5, 2018, there were no amounts outstanding on the Canadian credit line for operating expenses. As of May 4, 2019, February 2, 2019 and May 5, 2018, our European business at TJX International had one uncommitted credit line of £5 million. As of May 4, 2019, February 2, 2019 and May 5, 2018, and during the quarters and year then ended, there were no amounts outstanding on the European credit line.

Note J. Income Taxes

The effective income tax rate was 25.2% for the first quarter of fiscal 2020 and 25.0% for the first quarter of fiscal 2019. The increase in the effective income tax rate was primarily due to the reduction of excess tax benefit from share-based compensation and the expanded limitations on executive compensation, offset by a reduction in the impact of the foreign operations.

TJX had net unrecognized tax benefits of \$237.7 million as of May 4, 2019, \$233.4 million as of February 2, 2019 and \$58.7 million as of May 5, 2018.

TJX is subject to U.S. federal income tax as well as income tax in multiple state, local and foreign jurisdictions. In the U.S. and Canada, fiscal years through 2010 are no longer subject to examination. In all other jurisdictions, fiscal years through 2009 are no longer subject to examination.

TJX's accounting policy classifies interest and penalties related to income tax matters as part of income tax expense. The total accrued amount on the Consolidated Balance Sheets for interest and penalties was \$25.5 million as of May 4, 2019, \$23.6 million as of February 2, 2019 and \$12.5 million as of May 5, 2018.

Based on the outcome of tax examinations or judicial or administrative proceedings, or as a result of the expiration of statutes of limitations in specific jurisdictions, it is reasonably possible that unrecognized tax benefits for certain tax positions taken on previously filed tax returns may change materially from those presented in the Consolidated Financial Statements. During the next 12 months, it is reasonably possible that tax examinations of prior years' tax returns or judicial or administrative proceedings that reflect such positions taken by TJX may be finalized. As a result, the total net amount of unrecognized tax benefits may decrease, which would reduce the provision for taxes on earnings, by a range of zero to \$31 million.

Note K. Contingent Obligations and Contingencies

Contingent Obligations

TJX has contingent obligations on leases, for which it was a lessee or guarantor, which were assigned to third parties without TJX being released by the landlords. Over many years, TJX has assigned numerous leases that it had originally leased or guaranteed to a significant number of third parties. With the exception of leases of former businesses for which TJX has reserved, the Company has rarely had a claim with respect to assigned leases, and accordingly, the Company does not expect that such leases will have a material adverse impact on its financial condition, results of operations or cash flows. TJX does not generally have sufficient information about these leases to estimate our potential contingent obligations under them, which could be triggered in the event that one or more of the current tenants does not fulfill their obligations related to one or more of these leases.

TJX may also be contingently liable on up to eight leases of former TJX businesses, for which we believe the likelihood of future liability to TJX is remote, and has contingent obligations in connection with certain assigned or sublet properties that TJX is able to estimate. We estimate that the undiscounted obligations of (i) leases of former operations not included in our reserve for former operations and (ii) properties of our former operations if the subtenants or assignees do not fulfill their obligations, are approximately \$34.1 million as of May 4, 2019. We believe that most or all of these contingent obligations will not revert to us and, to the extent they do, will be resolved for substantially less due to mitigating factors including our expectation to further sublet.

TJX is a party to various agreements under which it may be obligated to indemnify the other party with respect to certain losses related to matters such as title to assets sold, specified environmental matters or certain income taxes. These obligations are often limited in time and amount. There are no amounts reflected in our Consolidated Balance Sheets with respect to these contingent obligations.

Contingencies

TJX is subject to certain legal proceedings, lawsuits, disputes and claims that arise from time to time in the ordinary course of our business. In addition, TJX is a defendant in several lawsuits filed in federal and state courts brought as putative class or collective actions on behalf of various groups of current and former salaried and hourly associates in the U.S. The lawsuits allege violations of the Fair Labor Standards Act and of state wage and hour and other labor statutes. TJX is also a defendant in a putative class action on behalf of customers relating to compare at pricing. The lawsuits are in various procedural stages and seek monetary damages, injunctive relief and attorneys' fees. In connection with ongoing litigation, an immaterial amount has been accrued in the accompanying Consolidated Financial Statements.

Note L. Leases

TJX is committed under long-term leases related to its continuing operations for the rental of real estate and certain service contracts containing embedded leases, all of which are operating leases. Real estate leases represent virtually all of our store locations as well as some of our distribution centers and office space. Most of TJX's leases in the U.S. and Canada are store operating leases with ten-year terms and options to extend for one or more five-year periods. Leases in Europe generally have an initial term of ten to fifteen years and leases in Australia generally have an initial lease term of primarily seven to ten years, some of which have options to extend. Many of the Company's leases have options to terminate prior to the lease expiration date. The exercise of both lease renewal and termination options is at our sole discretion and is not reasonably certain at lease commencement. The Company has deemed that major store renovations provide an economic disincentive to terminate the lease and when these renovations occur the Company reassesses the lease term to determine if the next lease option is reasonably certain of being exercised.

While the overwhelming majority of leases have fixed payment schedules, some leases have variable lease payments based on market indices adjusted periodically for inflation, or include rental payments based on a percentage of retail sales over contractual levels. In addition, for real estate leases, TJX is generally required to pay insurance, real estate taxes and other operating expenses including common area maintenance based on proportionate share of premises, and some of these costs are based on a market index, primarily in Canada. For leases with these variable payments based on a market index, the current lease payment amount is used in the calculation of the operating lease liability and corresponding operating lease assets included on the Consolidated Balance Sheets. The operating lease ROU assets also includes any lease payments made in advance of the assets use and is reduced by lease incentives received. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The Thirteen Weeks (first quarter) Ended May 4, 2019

Compared to

The Thirteen Weeks (first quarter) Ended May 5, 2018

OVERVIEW

We are the leading off-price apparel and home fashions retailer in the U.S. and worldwide. We sell a rapidly changing assortment of apparel, home fashions and other merchandise at prices generally 20% to 60% below full-price retailers' (including department, specialty and major online retailers) regular prices on comparable merchandise, every day. We operate nearly 4,400 stores through our four main segments: in the U.S., Marmaxx (which operates T.J. Maxx, Marshalls and tjmaxx.com) and HomeGoods (which operates HomeGoods and Homesense); TJX Canada (which operates Winners, HomeSense and Marshalls in Canada); and TJX International (which operates T.K. Maxx, Homesense and tkmaxx.com in Europe, and T.K. Maxx in Australia). In addition to our four main segments, Sierra operates sierra.com and retail stores in the U.S. The results of Sierra are included in the Marmaxx segment.

RESULTS OF OPERATIONS

Overview of our financial performance for the quarter ended May 4, 2019:

- Net sales increased 7% to \$9.3 billion for the first quarter of fiscal 2020 over last year's first quarter sales of \$8.7 billion. At May 4, 2019, the number of stores in operation increased 6% and selling square footage increased 4% compared to the end of the fiscal 2019 first quarter.
- Comp sales increased 5% for the first quarter of fiscal 2020 over an increase of 3% for the comparable period last year ended May 5, 2018. Customer traffic was the primary driver of the comp sales increase and was up at all four major segments.
- Diluted earnings per share for the first quarter of fiscal 2020 were \$0.57 versus \$0.56 per share in the first quarter of fiscal 2019.
- Our pre-tax margin (the ratio of pre-tax income to net sales) for the first quarter of fiscal 2020 was 10.1%, a 0.9 percentage point decrease compared with 11.0% in the first quarter of fiscal 2019.
- Our cost of sales, including buying and occupancy costs, ratio for the first quarter of fiscal 2020 was 71.5%, a 0.4 percentage point increase compared with 71.1% in the first quarter of fiscal 2019.
- Our selling, general and administrative ("SG&A") expense ratio for the first quarter of fiscal 2020 was 18.3%, a 0.5 percentage point increase compared with 17.8% in the first quarter of fiscal 2019.
- Our consolidated average per store inventories, including inventory on hand at our distribution centers (which excludes inventory in transit) and excluding our e-commerce sites and Sierra stores, were up 6% on a reported basis and 7% on a constant currency basis at the end of the first quarter of fiscal 2020 as compared to a 7% increase in average per store inventories on a reported basis and a 6% increase on a constant currency basis in the first quarter of fiscal 2019.
- During the first quarter of fiscal 2020, we returned \$589 million to our shareholders through share repurchases and dividends.

Impact of Brexit

The U.K.'s decision to leave the European Union ("EU"), commonly referred to as "Brexit", remains unsettled. Should the U.K. exit the EU, there are several possible outcomes each of which creates risks for TJX, especially in our European operations. Our TJX Europe management team has evaluated a range of possible outcomes, sought to identify areas of concern and implemented strategies to mitigate them. Our current European operations benefit from the free movement of goods and labor between the U.K. and EU. As a result, we believe Brexit could have a negative impact on our ability to efficiently move merchandise between the U.K. and the EU. Brexit could also have a negative impact on our talent in the region, both by impacting current Associates, who are either EU citizens working in the U.K. or U.K. citizens working in the EU, and potentially impacting recruitment and retention for our European operations in the future.

If the U.K. does exit the EU, this would subject us to additional regulatory and compliance requirements for merchandise that flows between the U.K. and the EU. We have realigned our European division's supply chain to reduce the volume of merchandise flowing between the U.K. and the EU and have established resources and systems to support this plan. In addition, we continue to communicate with our Associates about Brexit including by providing relevant information about additional procedures that may be required post-Brexit.

We believe these steps will help us mitigate the operational risks that we expect could result from Brexit. If, however, Brexit happens without a comprehensive withdrawal agreement between the U.K. and the EU and therefore, without a longer transitional period, our European operations could be significantly impacted, particularly in the short term. We believe that over time we would implement appropriate strategies to address that outcome.

Net Sales

Consolidated net sales for the quarter ended May 4, 2019 totaled \$9.3 billion, a 7% increase over last year's consolidated first quarter net sales of \$8.7 billion. The increase reflects a 5% increase from comp sales, a 3% increase from non-comp sales, offset by a 1% negative impact from foreign currency exchange rates. This increase compares to sales growth of 12% in the first quarter of fiscal 2019, which reflects a 6% increase from non-comp sales, a 3% increase from comp sales, and a 3% positive impact from foreign currency exchange rates.

As of May 4, 2019, our consolidated store count increased 6% and selling square footage increased 4% compared to the end of the first quarter last year.

Consolidated comp sales for the quarter ended May 4, 2019 reflects an increase in the customer traffic across all major divisions. On a consolidated basis, apparel categories outperformed home categories for the quarter ended May 4, 2019.

For the quarter ended May 4, 2019, comp sales growth in the U.S. was strongest in the Southeast, Great Lakes and the Southwest regions. Comp sales growth for our TJX International segment was above the consolidated average, whereas TJX Canada was below the consolidated average.

We define comparable store sales, or comp sales, to be sales of stores that have been in operation for all or a portion of two consecutive fiscal years, or in other words, stores that are starting their third fiscal year of operation. We calculate comp sales on a 52-week basis by comparing the current and prior year weekly periods that are most closely aligned. Relocated stores and stores that have changed in size are generally classified in the same way as the original store, and we believe that the impact of these stores on the consolidated comp percentage is immaterial.

We define customer traffic to be the number of transactions in stores included in the comp sales calculation and average ticket to be the average retail price of the units sold. We define average transaction or average basket to be the average dollar value of transactions included in the comp sales calculation.

Sales excluded from comp sales ("non-comp sales") consist of sales from:

- New stores - stores that have not yet met the comp sales criteria, which represents a substantial majority of non-comp sales
- Stores that are closed permanently or for an extended period of time
- Sales from our e-commerce sites, meaning sierra.com, tjmaxx.com and tkmaxx.com

We determine which stores are included in the comp sales calculation at the beginning of a fiscal year and the classification remains constant throughout that year unless a store is closed permanently or for an extended period during that fiscal year. Starting in fiscal 2020, Sierra stores that otherwise fit the comp store definition are included in comp stores in our Marmaxx segment.

Comp sales of our foreign segments are calculated by translating the current year's comp sales of our foreign segments at the same exchange rates used in the prior year. This removes the effect of changes in currency exchange rates, which we believe is a more accurate measure of segment operating performance.

Comp sales may be referred to as "same store" sales by other retail companies. The method for calculating comp sales varies across the retail industry, therefore our measure of comp sales may not be comparable to that of other retail companies.

The following table sets forth certain information about our consolidated operating results as a percentage of net sales for the following periods:

	Thirteen Weeks Ended	
	May 4, 2019	May 5, 2018
Net sales	100.0%	100.0%
Cost of sales, including buying and occupancy costs	71.5	71.1
Selling, general and administrative expenses	18.3	17.8
Interest expense, net	—	—
Income before provision for income taxes*	10.1%	11.0%

* Figures may not foot due to rounding.

Impact of foreign currency exchange rates: Our operating results are affected by foreign currency exchange rates as a result of changes in the value of the U.S. dollar or a division's local currency in relation to other currencies. Two ways in which foreign currency exchange rates affect our reported results are as follows:

- *Translation of foreign operating results into U.S. dollars:* In our Consolidated Financial Statements, we translate the operations of TJX Canada and TJX International from local currencies into U.S. dollars using currency rates in effect at different points in time. Significant changes in foreign exchange rates between comparable prior periods can result in meaningful variations in consolidated net sales, net income and earnings per share growth as well as the net sales and operating results of these segments. Currency translation generally does not affect operating margins, or affects them only slightly, as sales and expenses of the foreign operations are translated at approximately the same rates within a given period.
- *Inventory-related derivatives:* We routinely enter into inventory-related hedging instruments to mitigate the impact on earnings of changes in foreign currency exchange rates on merchandise purchases denominated in currencies other than the local currencies of our divisions, principally TJX Canada and TJX International. As we have not elected "hedge accounting" for these instruments, as defined by U.S. generally accepted accounting principles ("GAAP"), we record a mark-to-market gain or loss on the derivative instruments in our results of operations at the end of each reporting period. In subsequent periods, the income statement impact of the mark-to-market adjustment is effectively offset when the inventory being hedged is received and paid for. While these effects occur every reporting period, they are of much greater magnitude when there are sudden and significant changes in currency exchange rates during a short period of time. The mark-to-market adjustment on these derivatives does not affect net sales, but it does affect the cost of sales, operating margins and earnings we report.

We refer to the impact of the above two items throughout our discussion as "foreign currency." This does not include the impact currency exchange rates can have on various transactions that are denominated in a currency other than an operating division's local currency. When discussing the impact on our results of the effect of currency exchange rates on such transactions we refer to it as "transactional foreign exchange."

Cost of Sales, Including Buying and Occupancy Costs

Cost of sales, including buying and occupancy costs, as a percentage of net sales was 71.5% for the first quarter of fiscal 2020, an increase of 0.4 percentage points from 71.1% for the first quarter of fiscal 2019. The increase for the quarter was driven by higher supply chain costs and a decrease in merchandise margin primarily due to higher freight costs, partially offset by the expense leverage on the strong comp sales growth.

Selling, General and Administrative Expenses

SG&A expenses, as a percentage of net sales, were 18.3% in the first quarter of fiscal 2020, an increase of 0.5 percentage points over last year's first quarter ratio of 17.8%. The increase in SG&A was primarily due to store wage increases, an unfavorable year-over-year comparison on a gain related to a lease buyout in fiscal 2019, and incremental systems and technology costs.

Interest Expense, net

The components of interest expense, net are summarized below:

In thousands	Thirteen Weeks Ended	
	May 4, 2019	May 5, 2018
Interest expense	\$ 15,357	\$ 17,365
Capitalized interest	(719)	(1,648)
Interest (income)	(13,821)	(11,569)
Interest expense, net	\$ 817	\$ 4,148

The decrease in net interest expense for the first quarter ended May 4, 2019, compared to the same period in fiscal 2019, was driven by additional interest income, primarily due to higher return rates, and the reduction of interest expense due to the elimination of build-to-suit accounting as a result of adopting the new lease accounting standard. For additional information, see Note A—Basis of Presentation and Summary of Significant Accounting Policies of Notes to Consolidated Financial Statements.

Provision for Income Taxes

The effective income tax rate was 25.2% for the first quarter of fiscal 2020 compared to 25.0% for the first quarter of fiscal 2019. The increase in the effective income tax rate was primarily due to the reduction of excess tax benefit from share-based compensation and the expanded limitations on executive compensation, offset by a reduction in the impact of the foreign operations.

Net Income and Diluted Earnings Per Share

Net income for the first quarter of fiscal 2020 was \$700 million, or \$0.57 per diluted share compared with \$716 million, or \$0.56 per diluted share for the first quarter of fiscal 2019. Foreign currency had a neutral impact on earnings per share for the first quarter of fiscal 2020 compared to a \$0.01 positive impact on earnings per share for the first quarter of fiscal 2019.

Our stock repurchase programs, which reduce our weighted average diluted shares outstanding, benefited our earnings per share growth by approximately 3% in the first quarter of fiscal 2020.

Segment Information

We operate four main business segments. Our Marmaxx segment (T.J. Maxx, Marshalls and tjmaxx.com) and the HomeGoods segment (HomeGoods and Homesense) both operate in the United States. Our TJX Canada segment operates Winners, HomeSense and Marshalls in Canada, and our TJX International segment operates T.K. Maxx, Homesense and tkmaxx.com in Europe and T.K. Maxx in Australia. In addition to our four main segments, Sierra operates sierra.com and retail stores in the U.S. The results of Sierra are included in the Marmaxx segment.

We evaluate the performance of our segments based on “segment profit or loss,” which we define as pre-tax income or loss before general corporate expense and interest expense, net. “Segment profit or loss,” as we define the term, may not be comparable to similarly titled measures used by other entities. The terms “segment margin” or “segment profit margin” are used to describe segment profit or loss as a percentage of net sales. These measures of performance should not be considered an alternative to net income or cash flows from operating activities as an indicator of our performance or as a measure of liquidity.

Presented below is selected financial information related to our business segments.

U.S. SEGMENTS

Marmaxx

Marshalls	1,102	1,073
Sierra	39	32
Total	2,398	2,336
Selling square footage at end of period (in thousands)		
T.J. Maxx	27,532	27,203
Marshalls	25,460	25,114
Sierra	654	550
Total	53,646	52,867

Net sales for Marmaxx increased 8% for the first quarter as compared to the same period last year. The increase in the first quarter represents a 6% increase from comp sales and a 2% increase from non-comp sales. The increase in comp sales was primarily driven by an increase in customer traffic. Geographically, comp sales growth in the quarter were strong throughout the country. Home fashions and apparel categories both were strong and performed at the segment average for the period.

Segment profit margin decreased to 13.7% for the first quarter of fiscal 2020 compared to 13.9% for the same period last year. The decrease in segment margin for the first quarter was driven by an increase in supply chain costs and freight costs. This was largely offset by the expense leverage on the strong comp sales. Merchandise margin was slightly down due to freight costs for the first quarter of fiscal 2020 compared to the same period last year.

Our U.S. e-commerce businesses, which represent less than 3% of Marmaxx's net sales in the first quarters of fiscal 2020 and fiscal 2019, did not have a significant impact on year-over-year segment margin comparisons for the first quarter of fiscal 2020.

HomeGoods

In millions	Thirteen Weeks Ended	
	May 4, 2019	May 5, 2018
Net sales	\$ 1,397	\$ 1,269

Homesense	22	4
Total	792	694
Selling square footage at end of period (in thousands)		
HomeGoods	14,152	12,850
Homesense	470	81
Total	14,622	12,931

Net sales for HomeGoods increased 10% in the first quarter compared to the same period last year. The increase in the first quarter represents a 9% increase from non-comp sales and a 1% increase from comp sales. The increase in comp sales was primarily driven by an increase in customer traffic.

Segment profit margin was 9.8% for the first quarter of fiscal 2020 compared to 11.6% for the same period last year. The decline in segment margin was primarily due to higher supply chain costs of approximately 0.7 percentage points along with the investment in store growth and expense deleverage on the 1% comp sales increase. Merchandise margin increased slightly for the first quarter of fiscal 2020 compared to the same period last year despite increased freight costs.

FOREIGN SEGMENTS

TJX Canada

In millions	Thirteen Weeks Ended	
	May 4, 2019	May 5, 2018
Net sales	\$ 848	\$ 854
Segment profit	\$ 97	\$ 125

Winners	5,865	5,811
HomeSense	2,425	2,214
Marshalls	1,929	1,696
Total	10,219	9,721

Net sales for TJX Canada decreased 1% during the first quarter ended May 4, 2019 compared to the same period last year. The decrease in the first quarter represents a 4% increase from non-comp sales, offset by a 5% negative impact from foreign currency exchange rates.

Segment profit margin decreased to 11.4% for the first quarter of fiscal 2020 compared to 14.7% for the same period last year. The decrease in the segment margin for the first quarter reflects an unfavorable year-over-year comparison related to a lease buyout gain in the first quarter of fiscal 2019 of 1.0 percentage point. In addition, the decrease in segment margin reflects a decrease in merchandise margin of 1.0 percentage point as well as expense deleverage on the flat comp sales. The decrease in merchandise margin was driven by transactional foreign exchange as the change in currency exchange rates increased TJX Canada's cost of merchandise purchased in U.S. dollars as compared to the same period last year.

TJX International

In millions	Thirteen Weeks Ended	
	May 4, 2019	May 5, 2018
Net sales	\$ 1,231	\$ 1,185
Segment profit	\$ 28	\$ 41

Homesense	1,074	883
T.K. Maxx Australia	885	762
Total	13,746	13,161

Net sales for TJX International increased 4% for the first quarter compared to the same period last year. The increase in the first quarter represents an 8% increase in comp sales growth, a 4% increase from non-comp sales, offset by an 8% negative impact from foreign currency exchange rates. The increase in comp sales was driven by an increase in customer traffic. E-commerce sales represent less than 3% of TJX International's net sales in the first quarters of fiscal 2020 and fiscal 2019.

Segment profit margin decreased to 2.3% for the first quarter of fiscal 2020 compared to 3.4% for the same period last year. The decrease in segment margin for the first quarter of fiscal 2020 was driven by the year-over-year mark-to-market impact of the inventory derivatives of 1.4 percentage points which more than offset expense leverage on the strong comp sales growth.

GENERAL CORPORATE EXPENSE

In millions	Thirteen Weeks Ended	
	May 4, 2019	May 5, 2018
General corporate expense	\$ 121	\$ 104

General corporate expense for segment reporting purposes represents those costs not specifically related to the operations of our business segments. General corporate expenses are primarily included in SG&A expenses. The mark-to-market adjustment of our fuel hedges is included in cost of sales, including buying and occupancy costs.

General corporate expense for the first quarter increased primarily due to higher systems and technology costs and benefit related costs.

ANALYSIS OF FINANCIAL CONDITION

Liquidity and Capital Resources

Our liquidity requirements have traditionally been funded through cash generated from operations, supplemented, as needed, by short-term bank borrowings and the issuance of commercial paper. As of May 4, 2019, there were no short-term bank borrowings or commercial paper outstanding.

We believe our existing cash and cash equivalents, internally generated funds and our credit facilities, described in Note I—Long-Term Debt and Credit Lines of Notes to Consolidated Financial Statements, are more than adequate to meet our operating needs over the next fiscal year.

As of May 4, 2019, we held \$2.2 billion in cash and no short-term investments. Approximately \$0.6 billion of our cash was held by our foreign subsidiaries with \$0.3 billion held in countries where we provisionally intend to indefinitely reinvest any undistributed earnings. TJX provided for all applicable state and foreign withholding taxes on all undistributed earnings of our foreign subsidiaries in Canada, Puerto Rico, Italy, India, Hong Kong and Vietnam through May 4, 2019. If we repatriate cash from such subsidiaries, we should not incur additional tax expense and our cash would be reduced by the amount of withholding taxes paid.

Operating activities

Net cash provided by operating activities was \$0.1 billion for the three months ended May 4, 2019 and \$0.7 billion for the three months ended May 5, 2018. The cash generated from operating activities in each of these fiscal quarters was primarily due to operating earnings.

Operating cash flows for the first three months of fiscal 2020 decreased by \$0.6 billion compared to the first three months of fiscal 2019. The decline in operating cash flows was driven by an increase in merchandise inventories, net of accounts payable of \$0.4 billion. In addition, last year's first quarter cash flows were favorably impacted by a decrease in prepaid expenses due to costs that were refunded in the fiscal 2018 fourth quarter.

Investing Activities

Net cash used in investing activities resulted in net cash outflows of \$0.3 billion for the three months ended May 4, 2019 and \$0.2 billion for the three months ended May 5, 2018. The cash outflows for both periods were driven by capital expenditures.

Investing activities in the first three months of fiscal 2020 primarily reflected property additions for new stores, store improvements and renovations as well as investments in our offices and distribution centers, including buying and merchandising systems and other information systems. Cash outflows for property additions were \$0.3 billion in both the first three months of fiscal 2020 and fiscal 2019. We anticipate that capital spending for fiscal 2020 will be approximately \$1.5 billion. We plan to fund these expenditures through internally generated funds.

We purchased \$0.1 billion of investments in the first three months of fiscal 2019, and these cash outflows were more than offset by \$0.2 billion of inflows related to investments that were sold or matured in the first three months of fiscal 2019. The fiscal 2019 investing activity primarily related to short-term investments which had initial maturities in excess of 90 days and are not classified as cash on the Consolidated Balance Sheets presented.

Financing Activities

Net cash used in financing activities resulted in net cash outflows of \$0.6 billion in the first three months of fiscal 2020 and \$0.5 billion for the three months ended May 5, 2018. These cash outflows were primarily driven by equity repurchases and dividend payments.

Equity

We repurchased and retired 6.7 million shares of our common stock at a cost of \$0.3 billion during the first three months of fiscal 2020, on a "trade date basis." We reflect stock repurchases in our Consolidated Financial Statements on a "settlement date" or cash basis. Under our stock repurchase programs, we paid \$0.4 billion to repurchase 7.7 million shares of our stock in the first three months of fiscal 2020. These outflows were partially offset by proceeds from the exercise of employee stock options, net of shares withheld for taxes in the first three months of fiscal 2020. We paid \$0.4 billion to repurchase 9.7 million shares on a settlement basis in the first three months of fiscal 2019. For further information regarding equity repurchases, see Note D – Capital Stock and Earnings Per Share of Notes to Consolidated Financial Statements.

In February 2018, our Board of Directors approved the repurchase of an additional \$3.0 billion of TJX common stock from time to time. In February 2019, our Board of Directors approved an additional repurchase program authorizing the repurchase of up to an additional \$1.5 billion of TJX stock. As of May 4, 2019, approximately \$2.8 billion remained available under our stock repurchase plans. We currently plan to repurchase approximately \$1.75 billion to \$2.25 billion of stock under our stock repurchase programs in fiscal 2020. We determine the timing and amount of repurchases based on our assessment of various factors, including excess cash flow, liquidity, economic and market conditions, our assessment of prospects for our business, legal requirements and other factors. The timing and amount of these purchases may change.

Dividends

We declared quarterly dividends on our common stock which totaled \$0.23 per share in the first three months of fiscal 2020 and \$0.195 per share in the first three months of fiscal 2019. Cash payments for dividends on our common stock totaled \$0.2 billion for both the first three months of fiscal 2020 and fiscal 2019.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

For a discussion of accounting standards, see Note A - Basis of Presentation and Summary of Significant Accounting Policies of Notes to Consolidated Financial Statements included in TJX's Annual Report on Form 10-K for the fiscal year ended February 2, 2019 and Note A - Basis of Presentation and Summary of Significant Accounting Policies of Notes to Consolidated Financial Statements in this Quarterly Report on Form 10-Q.

FORWARD-LOOKING STATEMENTS

Various statements made in this Quarterly Report on Form 10-Q are forward-looking and involve a number of risks and uncertainties. All statements that address activities, events or developments that we intend, expect or believe may occur in the future are forward-looking statements. The following are some of the factors that could cause actual results to differ materially from the forward-looking statements: execution of buying strategy and inventory management; operational and business expansion and management of large size and scale; customer trends and preferences; various marketing efforts; competition; personnel recruitment, training and retention; labor costs and workforce challenges; data security and maintenance and development of information technology systems; economic conditions and consumer spending; corporate and retail banner reputation; quality, safety and other issues with our merchandise; compliance with laws, regulations and orders and changes in laws, regulations and applicable accounting standards; serious disruptions or catastrophic events and adverse or unseasonable weather; expanding international operations; merchandise sourcing and transport; commodity availability and pricing; fluctuations in currency exchange rates; fluctuations in quarterly operating results and market expectations; mergers, acquisitions, or business investments and divestitures, closings or business consolidations; outcomes of litigation, legal proceedings and other legal or regulatory matters; tax matters; disproportionate impact of disruptions in the second half of the fiscal year; real estate activities; inventory or asset loss; cash flow and other factors that may be described in our filings with the Securities and Exchange Commission, including our most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission. We do not undertake to publicly update or revise our forward-looking statements even if experience or future changes make it clear that any projected results expressed or implied in such statements will not be realized.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

There have been no material changes in our primary risk exposures or management of market risks from those disclosed in our Annual Report on Form 10-K for the fiscal year ended February 2, 2019.

Item 4. Controls and Procedures

We have carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of May 4, 2019 pursuant to Rules 13a-15(b) and 15d-15(b) of the Securities Exchange Act of 1934, as amended (the "Act"). Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective at the reasonable assurance level in ensuring that information required to be disclosed by us in the reports that we file or submit under the Act is (i) recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms; and (ii) accumulated and communicated to our management, including our principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosures. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives and management necessarily applies its judgment in evaluating the cost-benefit relationship of implementing controls and procedures.

Effective February 3, 2019, we adopted ASU 2016-02 Leases (Topic 842), and all related amendments. In conjunction with this adoption, we implemented a new financial application to facilitate the accounting and reporting required under the new lease accounting standard, which resulted in the modification of certain processes and internal controls related to leases. Other than the foregoing, there has been no change in the Company's internal controls over financial reporting (as defined in Rule 13a-15(f) and 15d-15(f) under the Act) during the fiscal quarter ended May 4, 2019 identified in connection with the evaluation by our management, including our Chief Executive Officer and Chief Financial Officer, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II—OTHER INFORMATION

Item 1. Legal Proceedings

Not applicable.

Item 1A. Risk Factors

There have been no material changes to the risk factors disclosed in the “Risk Factors” section of our Annual Report on Form 10-K for the year ended February 2, 2019, as filed with the Securities Exchange Commission on April 3, 2019.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Information on Share Repurchases

The number of shares of common stock repurchased by TJX during the first quarter of fiscal 2020 and the average price paid per share are as follows:

	Total Number of Shares Repurchased ⁽¹⁾	Average Price Paid Per Share ⁽²⁾	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs ⁽¹⁾	Approximate Dollar Value of Shares that May Yet be Purchased Under the Plans or Programs ⁽³⁾

**THE TJX COMPANIES, INC.
FORM OF PERFORMANCE SHARE UNIT AWARD
GRANTED UNDER STOCK INCENTIVE PLAN**

[]

This certificate evidences an award (the "Award") of performance share units ("PSUs") granted to the grantee named below ("Grantee") under the Stock Incentive Plan (the "Plan") of The TJX Companies, Inc. (the "Company"). The Award is subject to the terms and conditions of the Plan, the provisions of which, as from time to time amended, are incorporated by reference in this certificate. Terms defined in the Plan are used in this certificate as so defined; terms not defined in the Plan shall have the meanings specified herein.

The Award consists of the right to receive, on the terms provided herein and in the Plan, one share of Stock with respect to each performance share unit forming part of the Award, subject to adjustment pursuant to Section 3 of the Plan.

1. **Grantee:** []
2. **Target Number of PSUs Subject to the Award:** []
3. **Date of Award:** []
4. **Vesting and Settlement of Award:** Except as provided in Section 5, the Award shall become earned and shall vest, if at all, as to the target number of PSUs multiplied by the product of the percentage determined under Section 4(a) (Performance conditions) multiplied by the percentage determined under Section 4(b) (Service conditions):

[]

As soon as practicable and in all events within [] days following the applicable Settlement Date, the Company shall transfer to Grantee (or, if Grantee has died, to Grantee's Beneficiary) the shares of Stock underlying the portion of the Award that has become earned and vested hereunder.

5. **Change of Control:** Upon the occurrence of a Change of Control occurring while any portion of the Award is outstanding, the following provisions shall apply:
 - a) Upon consummation of the Change of Control, if the Committee does not provide for Rollover Awards as described in Section 5(b) below, the Award to the extent outstanding immediately prior to consummation of the Change of Control shall be deemed earned and vested as though each of the Section 4(a) percentage and the Section 4(b) percentage was, as of immediately prior to consummation of the Change of Control, one hundred percent (100%).
 - b) The Committee in its discretion may, but shall not be required to, provide in connection with the Change of Control that, in lieu of the acceleration described in Section 5(a) above, the Award (including for purposes of this Section 5(b) any replacement award or any arrangement involving stock, cash or other property into which the Award may be converted or for which it may be exchanged in connection with the Change of Control) (the Award or any such replacement award or other arrangement, the "Rollover Award") shall be continued on such terms and conditions as the Committee considers appropriate in the circumstances to reflect the transaction, subject to the following provisions of this Section 5(b). With respect to any Rollover Award, in lieu of the treatment provided in Section 5(a) above, (i) the Section 4(a) percentage shall at all times from and after the Change of Control be deemed to be one hundred percent (100%), and (ii) Section 4(b) shall be applied without modification except that in the event of and upon a qualifying termination of Grantee's employment occurring upon or within twenty-four months following the Change of Control, the Section 4(b) percentage shall not be less than one hundred percent (100%).
-

For purposes of this Section 5(b), "qualifying termination" shall mean either of the following: (i) an involuntary termination (other than for Cause) by the Company or a Subsidiary of Grantee's employment with the Company and its Subsidiaries (including any successors thereto or affiliates of such successor) or (ii) a termination of Grantee's employment by reason of death or Disability. If immediately prior to the Change of Control, Grantee is party to an employment, severance or similar agreement with the Company or a Subsidiary, or is eligible to participate in a Company plan, in each case that has been approved by the Committee and that provides for severance or similar benefits upon a voluntary termination for "good reason" in connection with a change of control of the Company, a "qualifying termination" for purposes of this Section 5(b) shall also include a voluntary termination by Grantee for "good reason" (as defined in the applicable agreement or plan).

As soon as practicable and in all events within [] days following the applicable Settlement Date the Company shall transfer to Grantee (or, if Grantee has died, to Grantee's Beneficiary) the shares of Stock underlying the earned and vested portion of the Award; it being understood that if the Settlement Date is the Change of Control, the Company shall transfer such shares of Stock immediately prior to the consummation of such Change of Control. All references to the Committee in this Section 5 shall be construed to refer to the Committee as constituted and acting prior to consummation of the Change of Control. For the avoidance of doubt, no Committee action permitted by this Section 5 will be treated as an action requiring Grantee's consent under Section 10 of the Plan.

6. **Termination of Employment:** Subject to the provisions of Section 5, in the event of the termination of the employment of Grantee with the Company and its Subsidiaries for any reason prior to the earlier of the Determination Date and the consummation of a Change of Control:
- a) one hundred percent (100%) of the Award, less the percentage of the Award described in Section 4(b), shall be immediately and automatically forfeited upon termination of employment; and
 - b) if greater than zero percent (0%), the percentage of the Award described in Section 4(b) shall (except in the event of termination due to death or Disability) remain eligible to be earned (and shall be earned, if at all) on the first to occur of (i) the consummation of the Change of Control, by applying one hundred percent (100%) as the relevant Section 4(a) percentage or (ii) the Determination Date, by applying as the relevant Section 4(a) percentage the percentage (if greater than zero) then certified or otherwise determined by the Committee, provided that any such portion of the Award that is not earned on the Determination Date and that has not previously been forfeited shall be immediately and automatically forfeited on the Determination Date. In the event of the termination of the employment of Grantee with the Company and its Subsidiaries by reason of death or Disability occurring prior to the earlier of the Determination Date and the consummation of a Change of Control, the percentage of the Award described in Section 4(b) shall be earned as of immediately prior to such termination by applying one hundred percent (100%) as the relevant Section 4(a) percentage, provided, that if such termination by reason of death or Disability occurs after the last day of the Performance Period, the Award shall remain eligible to be earned as of the Determination Date by applying as the relevant Section 4(a) percentage the greater of (I) one hundred percent (100%) and (II) the percentage certified or otherwise determined by the Committee on the Determination Date.

With respect to any Rollover Award under Section 5(b), in the event of the termination of the employment of Grantee with the Company and its Subsidiaries prior to January 29, 2022, the portion of the Rollover Award that is not then earned and vested (determined after giving effect to any vesting provided in Section 4(b) or 5(b)) shall be immediately and automatically forfeited. Notwithstanding the foregoing, upon a termination of Grantee's employment for Cause (as defined in the Plan) all portions of the Award then outstanding, whether vested or unvested and whether or not earned, shall immediately and automatically be forfeited and cancelled in their entirety. For the avoidance of doubt, in determining Grantee's entitlements, if any, under this Award, all determinations related to a termination of Grantee's employment (including, but not limited to, the reason therefor) shall be made

in accordance with Plan terms (including, but not limited to, Section 9 of the Plan or any successor provision).

7. **Additional Forfeiture Conditions:**

[]

8. **Certain Definitions:** For purposes of this Award, the following definitions shall apply:

- a) "Beneficiary": the beneficiary or beneficiaries designated by Grantee in writing, any such designation to be in such form, and delivered prior to Grantee's death to such person at the Company, as may be specified by the Company, or, in the absence of any surviving beneficiary so designated, the legal representative of Grantee's estate.
- b) "Determination Date": as defined in Section 4(a) above.
- c) "Performance Period": the three-fiscal-year period beginning on [] and ending on [].
- d) "Rollover Award": as defined in Section 5(b) above.
- e) "Section 409A": Section 409A of the Code.
- f) "Settlement Date": the date on or following and by reference to which any vested performance share units subject to an Award are to be settled, if at all, in whole or in part, through the delivery of shares of Stock. []

For the avoidance of doubt, in determining Grantee's entitlements, if any, under this Award, all determinations related to Grantee's termination of employment (including, but not limited to, the reason therefor) shall be made in accordance with Plan terms (including, but not limited to, Section 9 of the Plan or any successor provision).

- 9. **Rights as Shareholder:** Grantee shall have no voting or other shareholder rights in respect of any share of Stock subject to the Award except as provided in the following sentence. Grantee shall have the rights of a shareholder, including without limitation dividend rights, only as to those shares of Stock, if any, that are actually delivered under the Award.
 - 10. **Unsecured Obligation; No Transfers:** The Award is unfunded and unsecured, and Grantee's rights to any shares of Stock or other property (including cash) hereunder shall be no greater than those of an unsecured general creditor of the Company. The Award may not be assigned, transferred, pledged, hypothecated or otherwise disposed of, except for disposition at death as provided above, and will automatically lapse and be forfeited upon any attempt at any such assignment, transfer, pledge, hypothecation or other disposition.
 - 11. **Section 409A:** The Award and the Dividend Equivalent Payment, if any, described in Section 13 below are intended to constitute arrangements that qualify for exemption from the requirements of Section 409A and shall be construed accordingly. Notwithstanding the foregoing, neither the Company, nor any other person acting on behalf of the Company, will be liable to Grantee or any other person by reason of any acceleration of income, or any additional tax (including any interest and penalties), asserted with respect to the Award or the Dividend Equivalent Payment by reason of the failure of the Award or the Dividend Equivalent Payment to satisfy the applicable requirements of Section 409A in form or in operation.
 - 12. **Withholding:** As a condition to the grant, vesting and settlement of this Award, Grantee shall, no later than the date as of which any shares of Stock or other amounts provided hereunder first become includable in the gross income of Grantee for U.S. Federal or other income tax purposes or as wages subject to employment taxes, pay to the Company, or make arrangements satisfactory to the Committee regarding payment of, any national, federal, state, or local taxes of any kind required by
-

law to be withheld with respect to such income. The Company in its discretion may, but need not, satisfy any withholding obligation by withholding a portion of the shares of Stock to be delivered to Grantee hereunder up to the maximum extent permitted under the Plan. Grantee understands that any individual tax, social contribution, or other liability that may arise in relation to this Award is solely Grantee's (and not the Company's or Subsidiary's) responsibility and that such liability may exceed any amounts withheld. Grantee further understands that Grantee is solely responsible for filing any relevant documentation (including, without limitation, tax returns or reporting statements) that may be required in relation to this Award (including, without limitation, any such documentation related to the holding of shares of Stock or any bank or brokerage account, the subsequent sale of shares of Stock, or the receipt of any dividends). Grantee further acknowledges that the Company does not commit to and is under no obligation to structure the terms or any aspect of the Award to reduce or eliminate Grantee's liability for taxes or other amounts due or to achieve any particular tax result. Grantee also understands that varying share of Stock or Award valuation methods may apply for purposes of tax calculations and reporting, and the Company assumes no liability in relation thereto.

13. **Dividend Equivalent Payment:** Upon the delivery of any shares of Stock in respect of any vested performance share units subject hereto, Grantee shall be entitled to a cash payment by the Company in an amount equal to the amount that Grantee would have received, if any, as a regular cash dividend had Grantee held such shares of Stock from the Date of Award to the date such shares of Stock are delivered hereunder, less all applicable taxes and withholding obligations. Any such payment shall be paid, if at all, without interest on the date such shares of Stock are delivered hereunder.
 14. **No Employment Rights or Other Entitlements:** Grantee agrees that any awards under the Plan, including this Award and these terms and conditions, do not confer upon Grantee any right to continued employment with the Company or a Subsidiary, nor do they interfere in any way with the right of the Company or a Subsidiary to terminate the employment of Grantee at any time. Nothing contained in these terms and conditions shall be deemed to constitute or create a contract of employment, nor shall these terms and conditions constitute or create the right to remain associated with or in the employ of the Company or a Subsidiary for any particular period of time. Furthermore, this grant is made solely at the discretion of the Company, and these terms and conditions, the Plan, and any other Plan documents (i) are not part of Grantee's employment contract, if any, and (ii) do not guarantee either Grantee's right to receive any future grants under the Plan or the inclusion of the value of any grants in the calculation of severance payments, if any, upon termination of employment.
 15. **Compliance with Law:** Notwithstanding anything to the contrary herein, the Company shall not be obligated to issue any Stock pursuant to this Award, at any time, if the offering of the Stock covered by this Award, violates or is not in compliance with any laws, rules or regulations of the United States or any state or country. Furthermore, Grantee understands that, to the extent applicable, the laws of the country in which he/she is working at the time of grant, vesting, and/or settlement of this Award (including any rules or regulations governing securities, foreign exchange, tax, labor or other matters) may restrict or prevent settlement of this Award or may subject Grantee to additional procedural or regulatory requirements he/she is solely responsible for and will have to independently fulfill in relation to this Award, and that sales of Stock may be subject to restrictions under United States federal securities laws, and the laws, rules or regulations of any other relevant federal, state or local jurisdiction, and under Company policies including insider trading policies and procedures. Summaries of potentially applicable legal restrictions and requirements furnished in connection with the Plan, including in the Addendum and in the Prospectus for the Plan, are not intended to be exhaustive, and Grantee acknowledges that other rules may apply. The Company reserves the right to impose other requirements on Awardee's participation in the Plan, and any Stock acquired under the Plan, to the extent the Company determines it is necessary or advisable to comply with applicable law or facilitate the administration of the Plan.
 16. **Governing Law and Forum:** Grantee acknowledges that the Plan is administered in the United States and the terms and conditions of this certificate shall be governed by and interpreted, construed, and enforced in accordance with the laws of the Commonwealth of Massachusetts without regard to its or any other jurisdiction's conflicts of laws provisions. For purposes of resolving any
-

dispute that may arise directly or indirectly from this certificate, the parties hereby submit and consent to the exclusive jurisdiction of the Commonwealth of Massachusetts in the United States and agree that any litigation shall be conducted only in the United States District Court for the District of Massachusetts or a court of the Commonwealth of Massachusetts.

17. **Other:** The provisions of this Award are severable, and if any one or more of the provisions are determined to be illegal or otherwise unenforceable, in whole or in part, the remaining provisions shall nevertheless be binding and enforceable. To the extent applicable, the international and country-specific terms and conditions in the attached Addendum shall apply to this Award. By signing this Award in the space indicated below, Grantee hereby acknowledges and agrees as follows: (i) that Grantee has received the Plan text and will become a party to and be subject to the terms of the Plan; (ii) that Grantee's abovementioned participation is voluntary and that Grantee has not been induced to participate by expectation of employment or continued employment; and (iii) that Grantee has reviewed the terms and conditions set forth in this certificate, including the attached Addendum, and that this Award shall be deemed to satisfy fully any entitlement to receive a grant or grants of any stock options, stock awards or other equity-based awards that Grantee may have under an employment or similar agreement, including but not limited to an offer letter or other contract for employment, a restrictive covenant or similar agreement, or any other agreement with, or a policy or practice of, the Company or its Subsidiaries.

**THE TJX COMPANIES, INC.
FORM OF RESTRICTED STOCK UNIT AWARD
GRANTED UNDER STOCK INCENTIVE PLAN**

[]

This certificate evidences an award (the "Award") of restricted stock units granted to the grantee named below ("Grantee") under the Stock Incentive Plan (the "Plan") of The TJX Companies, Inc. (the "Company"). The Award is subject to the terms and conditions of the Plan, the provisions of which, as from time to time amended, are incorporated by reference in this certificate. Terms defined in the Plan are used in this certificate as so defined; terms not defined in the Plan shall have the meanings specified herein.

The Award consists of the right to receive, on the terms provided herein and in the Plan, one share of Stock with respect to each restricted stock unit forming part of the Award, subject to adjustment pursuant to Section 3 of the Plan.

1. **Grantee:** []
2. **Number of Restricted Stock Units Subject to the Award:** []
3. **Date of Award:** []
4. **Vesting and Settlement of Award:** Except as provided in Section 5, the Award shall vest as follows:

[]

As soon as practicable and in all events within [] days following the applicable Settlement Date, the Company shall transfer to Grantee (or, if Grantee has died, to Grantee's Beneficiary) the shares of Stock underlying the vested portion of the Award.

5. **Change of Control:** Upon the occurrence of a Change of Control occurring while any portion of the Award is outstanding, the provisions of this Section 5 shall apply to the Award in lieu of the provisions of Section 4:
 - a) Upon consummation of the Change of Control, if the Committee does not provide for Rollover Awards as described in Section 5(b) below, any portion of the Award that was outstanding immediately prior to consummation of the Change of Control shall be deemed vested in its entirety.
 - b) The Committee in its discretion may, but shall not be required to, provide in connection with the Change of Control that, in lieu of the acceleration described in Section 5(a) above, the Award (including for purposes of this Section 5(b) any replacement award or any arrangement involving stock, cash or other property into which the Award may be converted or for which it may be exchanged in connection with the Change of Control) (the Award or any such replacement award or other arrangement, the "Rollover Award") shall be continued on such terms and conditions as the Committee considers appropriate in the circumstances to reflect the transaction and consistent with Section 409A, subject to the following provisions of this Section 5(b). With respect to any Rollover Award, Section 4 shall be applied without modification, except that in the event of and upon a qualifying termination of Grantee's employment occurring upon or within twenty-four months following the Change of Control, the Rollover Award shall provide for accelerated vesting of any unvested portion of the Rollover Award.

For purposes of this Section 5(b), "qualifying termination" shall mean either of the following: (i) an involuntary termination (other than for Cause) by the Company or a Subsidiary of Grantee's employment with the Company and its Subsidiaries (including any successors thereto or affiliates of such successor) or (ii) a termination of Grantee's employment by

reason of death or Disability. If immediately prior to the Change of Control Grantee is party to an employment, severance or similar agreement with the Company or a Subsidiary, or is eligible to participate in a Company plan, in each case that has been approved by the Committee and that provides for severance or similar benefits upon a voluntary termination for "good reason" in connection with a change of control of the Company, a "qualifying termination" for purposes of this Section 5(b) shall also include a voluntary termination by Grantee for "good reason" (as defined in the applicable agreement or plan).

As soon as practicable and in all events within [] days following the applicable Settlement Date the Company shall transfer to Grantee (or, if Grantee has died, to Grantee's Beneficiary) the shares of Stock underlying the vested portion of the Award; it being understood that if the Settlement Date is the Change of Control, the Company shall transfer such shares of Stock immediately prior to the consummation of such Change of Control. All references to the Committee in this Section 5 shall be construed to refer to the Committee as constituted and acting prior to consummation of the Change of Control. For the avoidance of doubt, no Committee action permitted by this Section 5 will be treated as an action requiring Grantee's consent under Section 10 of the Plan.

6. **Termination of Employment:** In the event of the termination of the employment of Grantee with the Company and its Subsidiaries for any reason prior to [], the Award, to the extent not then vested (taking into account any vesting by reason of the application of Section 4(b) or Section 5) and to the extent not previously forfeited, shall immediately and automatically be forfeited. Notwithstanding the foregoing, upon a termination of Grantee's employment for Cause (as defined in the Plan) all portions of the Award then outstanding, whether vested or unvested, shall immediately and automatically be forfeited and cancelled in their entirety. For the avoidance of doubt, in determining Grantee's entitlements, if any, under this Award, all determinations related to a termination of Grantee's employment (including, but not limited to, the reason therefor) shall be made in accordance with Plan terms (including, but not limited to, Section 9 of the Plan or any successor provision).

7. **Additional Forfeiture Conditions:**

[]

8. **Certain Definitions:** For purposes of this Award, the following definitions shall apply:

- a) "409A Award Portion": any portion of the Award that at the relevant time is subject to (and not exempt from) the applicable requirements of Section 409A.
 - b) "Beneficiary": the beneficiary or beneficiaries designated by Grantee in writing, any such designation to be in such form, and delivered prior to Grantee's death to such person at the Company, as may be specified by the Company, or, in the absence of any surviving beneficiary so designated, the legal representative of Grantee's estate.
 - c) "Non-409A Award Portion": any portion of the Award that at the relevant time is exempt from the requirements of Section 409A.
 - d) "Required Delay": a delay in the Settlement Date of six months and one day (or until death if earlier) in any case where settlement of the 409A Award Portion is due to separation from service (as defined below), if Grantee at the relevant time is a "specified employee" as determined in accordance with Section 409A and Company policy.
 - e) "Rollover Award": as defined in Section 5(b) above.
 - f) "Section 409A": Section 409A of the Code.
 - g) "Settlement Date": the date on or following and by reference to which any vested restricted stock units subject to an Award are to be settled, if at all, in whole or in part, through the delivery of shares of Stock. []
-

For the avoidance of doubt, in determining Grantee's entitlements, if any, under this Award, all determinations related to Grantee's termination of employment (including, but not limited to, the reason therefor) shall be made in accordance with Plan terms (including, but not limited to, Section 9 of the Plan or any successor provision).

9. **Rights as Shareholder:** Grantee shall have no voting or other shareholder rights in respect of any share of Stock subject to the Award except as provided in the following sentence. Grantee shall have the rights of a shareholder, including without limitation dividend rights, only as to those shares of Stock, if any, that are actually delivered under the Award.
 10. **Unsecured Obligation; No Transfers:** The Award is unfunded and unsecured, and Grantee's rights to any shares of Stock or other property (including cash) hereunder shall be no greater than those of an unsecured general creditor of the Company. The Award may not be assigned, transferred, pledged, hypothecated or otherwise disposed of, except for disposition at death as provided above, and will automatically lapse and be forfeited upon any attempt at any such assignment, transfer, pledge, hypothecation or other disposition.
 11. **Section 409A:** The Award and the Dividend Equivalent Payment, if any, described in Section 13 below are intended to constitute arrangements that qualify for exemption from, or otherwise comply with, the requirements of Section 409A and shall be construed accordingly. For this purpose any termination of employment, retirement or correlative term applicable to a 409A Award Portion shall require a separation from service as defined in Section 409A. Notwithstanding the foregoing, neither the Company, nor any other person acting on behalf of the Company, will be liable to Grantee or any other person by reason of any acceleration of income, or any additional tax (including any interest and penalties), asserted with respect to the Award or the Dividend Equivalent Payment by reason of the failure of the Award or the Dividend Equivalent Payment to satisfy the applicable requirements of Section 409A in form or in operation.
 12. **Withholding:** As a condition to the grant, vesting and settlement of this Award, Grantee shall, no later than the date as of which any shares of Stock or other amounts provided hereunder first become includable in the gross income of Grantee for U.S. Federal or other income tax purposes or as wages subject to employment taxes, pay to the Company, or make arrangements satisfactory to the Committee regarding payment of, any national, federal, state, or local taxes of any kind required by law to be withheld with respect to such income. The Company in its discretion may, but need not, satisfy any withholding obligation by withholding a portion of the shares of Stock to be delivered to Grantee hereunder up to the maximum extent permitted under the Plan. Grantee understands that any individual tax, social contribution, or other liability that may arise in relation to this Award is solely Grantee's (and not the Company's or Subsidiary's) responsibility and that such liability may exceed any amounts withheld. Grantee further understands that Grantee is solely responsible for filing any relevant documentation (including, without limitation, tax returns or reporting statements) that may be required in relation to this Award (including, without limitation, any such documentation related to the holding of shares of Stock or any bank or brokerage account, the subsequent sale of shares of Stock, or the receipt of any dividends). Grantee further acknowledges that the Company does not commit to and is under no obligation to structure the terms or any aspect of the Award to reduce or eliminate Grantee's liability for taxes or other amounts due or to achieve any particular tax result. Grantee also understands that varying share of Stock or Award valuation methods may apply for purposes of tax calculations and reporting, and the Company assumes no liability in relation thereto.
 13. **Dividend Equivalent Payment:** Upon the delivery of any shares of Stock in respect of any vested restricted stock units subject hereto, Grantee shall be entitled to a cash payment by the Company in an amount equal to the amount that Grantee would have received, if any, as a regular cash dividend had Grantee held such shares of Stock from the Date of Award to the date such shares of Stock are delivered hereunder, less all applicable taxes and withholding obligations. Any such payment shall be paid, if at all, without interest on the date such shares of Stock are delivered hereunder.
-

14. **No Employment Rights or Other Entitlements:** Grantee agrees that any awards under the Plan, including this Award and these terms and conditions, do not confer upon Grantee any right to continued employment with the Company or a Subsidiary, nor do they interfere in any way with the right of the Company or a Subsidiary to terminate the employment of Grantee at any time. Nothing contained in these terms and conditions shall be deemed to constitute or create a contract of employment, nor shall these terms and conditions constitute or create the right to remain associated with or in the employ of the Company or a Subsidiary for any particular period of time. Furthermore, this grant is made solely at the discretion of the Company, and these terms and conditions, the Plan, and any other Plan documents (i) are not part of Grantee's employment contract, if any, and (ii) do not guarantee either Grantee's right to receive any future grants under the Plan or the inclusion of the value of any grants in the calculation of severance payments, if any, upon termination of employment.
15. **Compliance with Law:** Notwithstanding anything to the contrary herein, the Company shall not be obligated to issue any Stock pursuant to this Award, at any time, if the offering of the Stock covered by this Award, violates or is not in compliance with any laws, rules or regulations of the United States or any state or country. Furthermore, Grantee understands that, to the extent applicable, the laws of the country in which he/she is working at the time of grant, vesting, and/or settlement of this Award (including any rules or regulations governing securities, foreign exchange, tax, labor or other matters) may restrict or prevent settlement of this Award or may subject Grantee to additional procedural or regulatory requirements he/she is solely responsible for and will have to independently fulfill in relation to this Award, and that sales of Stock may be subject to restrictions under United States federal securities laws, and the laws, rules or regulations of any other relevant federal, state or local jurisdiction, and under Company policies including insider trading policies and procedures. Summaries of potentially applicable legal restrictions and requirements furnished in connection with the Plan, including in the Addendum and in the Prospectus for the Plan, are not intended to be exhaustive, and Grantee acknowledges that other rules may apply. The Company reserves the right to impose other requirements on Awardee's participation in the Plan, and any Stock acquired under the Plan, to the extent the Company determines it is necessary or advisable to comply with applicable law or facilitate the administration of the Plan.
16. **Governing Law and Forum:** Grantee acknowledges that the Plan is administered in the United States and the terms and conditions of this certificate shall be governed by and interpreted, construed, and enforced in accordance with the laws of the Commonwealth of Massachusetts without regard to its or any other jurisdiction's conflicts of laws provisions. For purposes of resolving any dispute that may arise directly or indirectly from this certificate, the parties hereby submit and consent to the exclusive jurisdiction of the Commonwealth of Massachusetts in the United States and agree that any litigation shall be conducted only in the United States District Court for the District of Massachusetts or a court of the Commonwealth of Massachusetts.
17. **Other:** The provisions of this Award are severable, and if any one or more of the provisions are determined to be illegal or otherwise unenforceable, in whole or in part, the remaining provisions shall nevertheless be binding and enforceable. To the extent applicable, the international and country-specific terms and conditions in the attached Addendum shall apply to this Award. By signing this Award in the space indicated below, Grantee hereby acknowledges and agrees as follows: (i) that Grantee has received the Plan text and will become a party to and be subject to the terms of the Plan; (ii) that Grantee's abovementioned participation is voluntary and that Grantee has not been induced to participate by expectation of employment or continued employment; and (iii) that Grantee has reviewed the terms and conditions set forth in this certificate, including the attached Addendum, and that this Award shall be deemed to satisfy fully any entitlement to receive a grant or grants of any stock options, stock awards or other equity-based awards that Grantee may have under an employment or similar agreement, including but not limited to an offer letter or other contract for employment, a restrictive covenant or similar agreement, or any other agreement with, or a policy or practice of, the Company or its Subsidiaries.
